www.penkert.com

Penkert's special protective gloves with that little extra touch of safety, for all rescue staff.

High levels of cut resistance, perfect finger sensitivity, a maximum secure grip, optimum tactility and a high level of breathability.

SAFEGUARD INOX

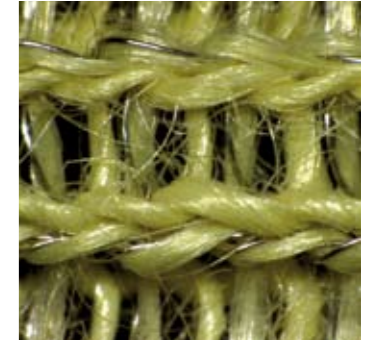

The special protective gloves for the auxiliary and rescue services.

>> SAFEGUARD INOX of
– thumbs and the index finger
are free

>> SAFEGUARD INOX WP
– waterproof, i.e. with a moisture
barrier

>> cut protection insert, KEVLAR®
INOX stainless steel

SAFEGUARD INOX

Can be supplied in blue and yellow!

In manufacturing its protective gloves, Penkert places a special emphasis on high safety standards and reliability as well as in the selection of materials and workmanship. In 3 variant designs, SAFEGUARD INOX has been specifically adapted to your needs.

SAFEGUARD INOX WP

Can be supplied in red and yellow!

The special EUROTEX moisture barrier makes this model waterproof, windproof yet breathable. (No assurance is given for the waterproof qualities of the area near to the knit trim).

SAFEGUARD INOX of

This design offers you special protection for activities in which your unrestricted touch sensitivity in the area of the thumb and index finger is required. Alternatively there is also the possibility of leaving the first finger free in the case of all fingers incl. thumbs.
